

# Water, Sanitation, and Hygiene (WASH) in Catholic Healthcare Facilities Assessment

**DICASTERY FOR PROMOTING  
INTEGRAL HUMAN DEVELOPMENT**

# Healthcare Facilities Assessment Results Summary

 facilities are part of this initiative  
**151**

 **people** in the catchment area of facilities  
**28,000,000+**

 estimated funding needs for all 151 facilities\*  
**\$9,761,000**

\*Based on cost estimates received to-date from 108 facilities

Average Facility Request **\$64,643**

Median Facility Request **\$58,398**

assessed facility by type

 Hospital 19%

 Non-hospital 81%

## An Investment in Life

Dioceses, congregations, and Bishops' conferences have responded to this assessment to determine the conditions of Catholic healthcare facilities, and to estimate the cost of strengthening capacity to meet international WASH standards and prevent further spread of COVID-19 and other diseases.
